## Meaning of Periplus

The word periplus stems from Greek, meaning 'journey' and also means a circumnavigation or sea voyage around a coastline. The use of a periplus, or journal, dates back to the second century and was a document listing in order, the ports and coastal landmarks, with approximate intervening distances, that the captain of a vessel could expect to find along a shore. In that sense the periplus was a type of log, similar to the modern day ship's log.

We use the term for our Club newsletter since it is the documentation of our travels at the Club and offshore and provides a historical record for us to reminisce and share with others. It is our shared and unique history as club members.

It's already November and it feels like we are moving through 2022 at warp speed. We will soon be gearing up for the Holidays.

October was a pretty busy month at PCYC. Ladies Who Do Lunch held the annual St. John's Cancer Center benefit. What a success! As of the date of this article, PCYC raised \$16,000.00! Donations were open for another two weeks so hopefully by the time you read this, PCYC will have reached the goal of a \$20,000.00 donation.

Thank you to the Ladies Who Do Lunch Chairs Rosemary Tobin and Sally Lefton-Wolfe and to the chairs of the October lunch, Marilyn Miravete-Smith and Kimberly Alford and all of the ladies who volunteered to help put this Phantomtastic luncheon together.

Our Annual Meeting is November 5, 2022 at 10AM. A quorum is required at this meeting in order to have a vote. So we need you, our members. The slate of nominees for the Board of Directors and the Bridge is in this Periplus.

Since we are nearing the end of the year, I would like to take an opportunity to thank all of the volunteers and all of the committee chairs who have worked tirelessly this year to make PCYC the fun place to be from our on the water events to social events and more! And thank you to the Board of Directors for all of their time and effort this year. I am thankful for the opportunity to have worked with you and appreciate all of you.

Ilene

Rear Commodore, Robert Alexander

As we wind down 2022, we look back at some of the great memories that we created. I hope you all enjoyed the club and all its amenities as much as I have.

Looking forward to 2023 we need volunteers. We will have our planning meeting next month and it would be wonderful to meet and get to know all of the members that are interested in participating. This is your opportunity to make a difference.

I have enjoyed serving as your Rear Commodore this year.

With Gratitude,  
Robert Alexander

**HOUSE COMMITTEE**

This past month has been busy at PCYC with projects that were scheduled, are now completed, or nearly completed.

You have probably noticed that the entire Club House exterior has been painted as well as the surrounding outdoor dining and pool areas. It was a three-week project, done free from interruption to any of our PCYC activities.

Now being worked on are the Canvas Awnings over the Main Entrance and Lobby Entrance to the Pool area as they were beyond repair and now completely removed. All needed replacement after being subjected to our local weather for several years. Our maintenance people have since removed, and refurbished the metal frames, an order has been placed for new canvas awnings, and we now await timely delivery and installation.

The two new large commercial refrigerators we ordered last month were delivered, then installed in the kitchen and are now in daily use.

I would like to take this opportunity to thank every House Committee Member, all very special people who were so diligent and co-operative this past year. Without any hesitation, all Members were most willing to become much involved in each project. To each House Committee Member I say, THANK YOU !!

Also, special thanks to PCYC Management, the entire Staff and certainly to every Board Member for their full support on all of our projects.

Vince Carabello  
House Committee Chairman

## Membership Committee - Donna Gaddis

This month the Membership Committee is honoring recently deceased PCYC Member #1 – Staff Commodore Floyd Woodcock. Saying farewell to a departed loved one is never easy. On Saturday, October 17th on a perfect and calm overcast Channel Islands morning, his memory became ingrained in our hearts with a symbolic and intimate event through a proper burial at sea. As Floyd's daughter Diane Marriott and Director Marley Yokatis reminisced about running around the Club as children as it was being built.. Diane shared that she remembered her dad being diligent about checking on the contractors every day! She was proud and humbled to see the building in impeccable condition today!

To understand the impact that Floyd and the other PCYC founders have on our life today, it is important for our newest members to embrace why nautical traditions are so meaningful. Many religious and historical accounts have mentioned burials at sea or scattering of remains into bodies of water.

During the Viking Age, the privilege of a ship burial and being cast into the sea are reserved for honored warriors and kings. It was believed that the ocean serves as a portal between the human world and the spiritual realm. Sending off the departed through the waters symbolizes the end of physical life and the beginning of spiritual rebirth.

Our PCYC members volunteer their time and talents because of the passion, perseverance, and connection to the healing powers of the beautiful Pacific Ocean. It must be difficult for our newest members to imagine PCYC pre-building and pre-dredging! As we have just celebrated our 46th anniversary with 400 members and a waiting list of 23 prospective members, we are

grateful and humbled that Floyd's PCYC family got to say goodbye in such a poignant way.

We are thrilled that Floyd's daughter Susan and her husband Jim Robbins have retained Floyd's and his late wife Mary's membership. Please ask them about their dad...we promise the stories will make you smile!

This is the time of year we would like to just relax and take it easy since sailing activity is at a minimum. However, it doesn't seem to work that way. Right now we are working on the submission of our grant request to the California Department of Boating and Waterways for the 2022-2023 season. Funds from the US Coast Guard are given to California Department of Boating and Waterways to support boating safety education. 100-plus "aquatic centers" compete for these funds. Non-profit organizations such as ours are a small percentage of these competitors. Funds are less and competition continues to increase. So, what is new in life? Obviously, I am encouraging you to remember PCYF with a contribution before year-end if you can. It has taken some time to become reasonably solvent and our goal is to offer an excellent program at an affordable price to our students.

**Sea Scout Ship 9201** had a great trip on Sunday, October 9. Both power and sail boats participated cruising to Anacapa Island. The members boarded kayaks for paddling in the perfect sea conditions. A special treat was the show put on by a whale demonstrating breaching and fluke slapping on the water for an extended period of time. You just can't schedule shows like this.

**Fleet Captian Sail - Connie Sedacca**  
*connie@nautiluscovers.com*

The Sailboat Racing season will be culminating with the last two of the TGIS Fall series; October 30 (Halloween special) and November 13. Dust off those sails for a fun Sunday with short courses and casual environment.

This has been a rocky year but an eventful year. Look forward to 2023 with Richard Dean as our new Race Committee Chairman—the organizational meeting will be in January—date not set yet. We need racers, committee members, party planners, publicists, and power boats to have a successful season. We as a club are blessed with power boaters who support the sailing program without which the program would not survive.

In the plans for 2023 we want to establish a "PCYC Racing Team" of 5-6 boats to represent our club and put us on the "map" at various club races. We have experienced sailors/racers willing to teach and skipper your boat to allow you to join in the fun and excitement of racing. Thanks to all the volunteers who have been great supporters in the past two years while getting away from all the COVID issues. In particular, a big "thank you" to Marley Yokaitis for all her support while she hands over the reins to Richard Dean for the coming year.

## PCYC ON THE WATER

### FROM THE DESK OF THE FLEET CAPTAIN POWER SCOTT VON LANKEN

Living in California, the boating season really never ends. However, the "high" season, from May to September has closed, and PCYC has closed another year of successful Cruising. Almost 100 PCYC club members participated in Cruising events this year. Landlubber cruises, Whale Watching, and Frenchy's Cove on Anacapa Island were particularly popular and allowed our members without Ocean going vessels to experience our local islands.

The Club Swaps with the Del Rey yacht club and Santa Barbara Yacht Club were spectacular events with both Powerboats AND Sailboats participating. And, most special of all were our Catalina trips, to both Avalon and Two Harbors. These events in particular allow members to meet new friends that share a common bond of boating, in an idyllic location and setting.

Planning is underway now for the PCYC Cruising 2023 calendar year. Trips that are being planned include:

Long Beach

Catalina – Avalon and Two Harbors

Marina Del Rey - club swap with Del Rey Yacht Club

Santa Barbara – club swap with SBYC

Santa Cruz Island Overnight

Santa Cruz Island - Painted Cave

Whale Watching

Additional suggestions are welcome. Please email me at [director4@pcyc.org](mailto:director4@pcyc.org) or call/text at 310 291 6352.

### FROM THE DESK OF ELECTRIC BOAT CAPTAIN BRUNO TONIN

Hi all,

Unfortunately, I had to cancel the electric boat event in Sept because my wife and I both had Covid. We are once again healthy and able to enjoy the club.

On another note, I want to advise all of you members who are not checked out on Cutie, and wish to be, to please call the front desk and in turn I will call you and set up a date to be certified.

When you check out Cutie for a harbor cruise, please follow the Club's guide lines which can be obtained when you pick up the boat keys from the front desk.

I have noticed that when Cutie is returned to the dock, at times some Club members failed to plug the power back in, left it in gear, failed to pick up their trash and close the windows. Please, for the enjoyment of the next member using Cutie, follow the guidelines. I don't want anyone stranded in the channel with no power.

## FROM THE DESK OF THE FLEET CAPTAIN FISHING - MIKE HAASE

Hello fellow anglers!

Well, the Summer Slam 2022 has come to an end. Last day of fishing was October 12th. This was another great tournament. We had 19 club members and boats participating in our tournament this year! Many brought a number of friends and family with them to enjoy time on the water!

Our board changed several times for the first-place leader which always makes it fun. The winner this year was Joe Bishop with his boat BB Pelagic. He had 3-1st Place fish! Joe had tuna, yellowtail and lingcod. He also caught the heaviest fish of the tournament which was a 175-pound bluefin tuna. Great job! Joe is a new club member. Congratulations!

Second place went to Justin Lostutter on Slaughterhouse with two fish in first place. White Sea bass and calico bass.

Third place went to Kelly Michon with a Halibut and fourth place went to Eric Hermann on Legit II with two Marlin. Austin Haase on Relentless won the kids division with a 52-inch bluefin tuna. Kylie Augerot on Legit II won the ladies division with a 44-inch bluefin tuna.

We look forward to seeing everyone out there next year and adding some more club members to our fun tournament! Our tournament runs from April until October so everyone has plenty of time to have fun on the water. Thank you everyone for joining us in this tournament.

Mike & Gina Haase - Tight Riv

October 13th was our October Ladies who Do Lunch Phantomtastic Luncheon. All proceeds went to St. John's Cancer Center. We had some of our members modeling their own fabulous outfits. Our donated baskets and silent auction items were a big hit and raised lots of money.

The hit of the luncheon was Brent Ramirez of Born to Perform Studios singing songs from Phantom of the Opera. Many thanks to Marilyn Smith and Kimberly Alford along with the other volunteers for the hours of hard work they put in to make this luncheon a success.
